carlmickynieva@gmail.com | **0910-626-6433** | LinkedIn: **Carl Micky Nieva** | GitHub: **Carl-YingYang**

Aspiring AI-focused Full-Stack Developer with hands-on experience building web applications integrated with AI features such as RAG and OCR. Seeking an OJT opportunity to apply and further develop software development and applied AI skills.

EDUCATION

Immaculate Conception I - College **Sta. Maria Bulacan**
B.S. in Computer Science *Expected Graduation, May 2027*

- **Relevant Coursework:** Object-Oriented Programming, Database Management, Data Structures & Algorithms, Web Development, Software/Application Development

EXPERIENCE

A&P Clothing Line **Guiguinto Bulacan**
Full-Stack Web Developer *March 2026 – April 2026*

- Collaborated with the business owner to digitize manual tailoring workflows into a web-based system.
- Designed and developed an e-commerce platform supporting bulk tailoring service requests and client coordination.
- Reduced manual booking processes by centralizing requests into a single system, improving workflow efficiency.
- Built and deployed a full-stack solution integrating a React (Vite) frontend and a Python backend (hosted on Hugging Face).
- Improved user experience by guiding clients through the booking process using a Retrieval-Augmented Generation (RAG) AI assistant.
- Handled full-stack development and deployment using Vercel.

PROJECTS

Lex-Simple **Immaculate Conception I - College**
Full-Stack Application Developer *February 2026 – Present*

- Developed a mobile-first legal literacy application that simplifies complex contracts into understandable Taglish.
- Integrated OCR (Google ML Kit) to extract structured text from physical documents.
- Implemented a Retrieval-Augmented Generation (RAG) system using Philippine legal code references for context-aware explanations.
- Designed rule-based logic to detect and highlight potentially risky clauses in contracts.

ACTIVITIES

Tech Educational Content Creator | *TikTok* ***January* 2026 – Present**

- Create short-form educational content focused on tech careers and AI learning
- Produce and edit videos using CapCut to engage and inform online audiences

SKILLS

- **Programming:** Python, C#, JavaScript
- **Frameworks:** React (Vite), ASP.NET Core, Flutter
- **AI / Systems:** Retrieval-Augmented Generation (RAG), OCR, API Integration
- **Tools & Platforms:** Vercel, Hugging Face, Git, Android Studio, PyCharm
